Lori Lee : Best Hikes Near Salt Lake City (Best Hikes Near Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Hikes Near Salt Lake City (Best Hikes Near Series):

0 of 0 people found the following review helpful. Excellent book for Best Hikes Near SLC with color maps and descriptions. Big help for hking.By TeryI am buying my 3rd copy as I have given away 1st 2. I gave mine away today again on the Adams Canyon Waterfall trail to someone visiting the area. That hike is listed in this book. I have 3 book on hiking in Utah. At this time, this is the only 1 I use. This book is in color, the other books are not. The descriptions

are great. There is a map for the hike that tells the distance to parts on the trail. From the few books I looked at, this one has more and better hikes in north SLC and SLC. Lori Lee doesn't skimp on the details like some other books. It is really great to have 3-4 pages on a hike with a color map and facts about the trail. She covers the Wheeler Creek Trail System area by Snow Basin too. She lists several hikes on Antelope Island also. I organized a hike for a meetup group for the Shoreline Trail on Antelope Island. Lori Lee went on the hike. Following that hike, I found out she had written this book. Some hikes a little north of SLC are Ogden Overlook, Adams Canyon Waterfall, Waterfall Canyon, Mueller Park, The Sunset Trail, I used her book to hike the Brighton Lakes Hike in Big Cottonwood Canyon last year. It is really great to know where you are going. This book helped a lot. I think it is an excellent book. Click on the picture of the book and you can see what it is like. 3 of 3 people found the following review helpful. Great By Carlos M. Valdez Simple but very clear explanation and useful information in one single place for my week end hikes. Clear maps and directions as well the description for each trail 0 of 4 people found the following review helpful. OK, not outstanding By MReader Just ok . some good hikes not in,
