**Arline Zatz : Best Hikes with Children in New Jersey** before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Hikes with Children in New Jersey:

7 of 7 people found the following review helpful. 75 great ideas for stimulating mind and bodyBy A CustomerThis book is very well laid out from the initial NJ map showing the location of all the sites to the pertinent information given at the beginning of each hike, the excellent site maps and the handy signs in the margins. The writing is clear,

interesting, filled with geological and historical background information, points of interest, helpful suggestions and cautionary notes. I have ventured out on several of the hikes and they've been great. Would recommend to anyone interested in hiking in The Garden State, with or without children. 3 of 3 people found the following review helpful. Great Reference! By CranberryPlace I love this book. I just got it a few weeks ago and we have hiked each week since I got it. I find it easy to use. I love that it ranks the difficulty of the hike. I have a 5 yr old and a 7 year old. This book makes it easy for planning an afternoon trip vs an all day adventure. It also tells you things like if the trail is "bugy" in the summer or if you need to wear long pants because it is a "thorny" hike. Lots of great useful tools. 0 of 0 people found the following review helpful. Not just for hikers with kids! By Claire Estrella My fiance and I have started hiking to get in shape for our wedding, and we found this great book as the best-reviewed NJ hiking book out there. Even though we don't have kids, we're really enjoying the details about the hikes, the new routes we never knew existed, and we're taking great nature photographs -- we've seen some really gorgeous scenery out there! Highly recommend this book!

\* Guidebook to 85 hikes in New Jersey chosen for kid appeal \* Short, fun hikes between 1 to 8 miles, clearly rated easy to difficult \* Tips on hiking with children and engaging them in the natural world From the northern highlands of New Jersey to the beaches and pine barrens in the south, this popular guidebook is written from a child's eye view (but always emphasizes safety). Kids can check out an accessible beaver colony along the trail at Heddon Park; scamper over huge boulders while overlooking the Hudson River; or look for ersatz diamonds on a Cape May Beach. Trail descriptions in Best Hikes with Children in New Jersey highlight points of interest, opportunities for learning about nature on the trail, best places to camp or fish, and more.

Back in the day, you loved hiking, but lately the only communing with nature you do is during play dates in the park. Get back to the woods with your kids (and pry them away from SpongeBob for a while) with the Best Hikes with Children series. (Real Simple) Anyone looking for a way to entertain children outside once the weather warms up should scan through this book. (Trentonian) A thorough guide. (Newark Star-Ledger) Take a hike has taken on a new meaning, thanks to writer/photographer Arline Zatz. (Asbury Park Press) There are plenty of places to hike with children in the Garden State. Luckily for parents, finding just where to go is easy, thanks to the newly revised Best Hikes with Children in New Jersey. (Union County Family) About the Author Arlene Zatz is a longtime New Jersey resident. Her writing and photography has appeared in publications such as The New York Times, Asbury Park Press, the Newark Star-Ledger, and the New York Daily News.
