**Bob Julyan : Best Hikes with Children in New Mexico** before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Hikes with Children in New Mexico:

0 of 0 people found the following review helpful. Great Hikes for Families By JK This is a really neat book. It is very helpful in finding hikes that small children and families can enjoy. I liked it so much I bought one as a gift for my sister and her family. Like most hiking and camping books, Bob Julyan sets this guide up by geography and divides

New Mexico into 6 sections. That makes it easy to find hikes where you are planning to visit. Each hike starts with a section that lists location, difficulty, distance, elevation, etc. The author then goes on with a fun to read description that also includes a map of the hike. The black and white photographs also add a lot to this book. If you are considering this book, and are the least bit unsure, go ahead and buy it. It is a good value, useful, and fun. 0 of 0 people found the following review helpful. Five Stars By Emma Good ideas for places to share with children and senior friends! 0 of 0 people found the following review helpful. Great book very useful By Customer I was recommended this book about 9 years ago...it is one of our most used reference books. The hikes described are quite accurate, with good driving directions. There are plenty of hikes listed throughout the state. I often give a copy of this book to families new to the area and they find it an invaluable resource, too. If you want to get out and about the Land of Enchantment and turn your kids on, too...this is the book for you!

\* Guidebook to 61 hikes your children can do \* Hikes near urban areas including Albuquerque, Santa Fe, Taos, Carlsbad, and Los Cruces \* Includes ideas on keeping children engaged and having fun on the trail The trails in Best Hikes with Children in New Mexico, 2nd Ed. are chosen for kid appeal: they feature things to do and see along the way, whether it be a waterfall slide, a tadpole pool, or a mysterious cave lined with petroglyphs. Trips are rated by age range and difficulty. Turnaround points -- convenient and scenic places to shorten the hike and still feel satisfied -- are noted.

Back in the day, you loved hiking, but lately the only communing with nature you do is during play dates in the park. Get back to the woods with your kids (and pry them away from SpongeBob for a while) with the Best Hikes with Children series. (Real Simple) Best Hikes with Children: New Mexico is an excellent guide for finding hikes that can be enjoyed by the whole family This is a great book for visitors and residents. It can help create a life-long love of hiking in nature. (New Mexico) Best Hikes with Children in New Mexico allows you to explore the wonders of New Mexico with a lighthearted stride... This book is a parents' dream. (Southwest Book Views) This book has lots of useful tips. (Lordsburg (NM) Liberal) About the Author BOB JULYAN has lived with his family in New Mexico since 1978. They have traveled throughout the state camping, hiking, telling trail stories, and picking stickers out of socks. Julyan is also the author of the Mountain Names and Place Names of New Mexico.
