I skimmed through the book thinking that I would take my black lab out on some road trips until I remembered that he is a bit on the ADD side and does good to ride the 10 min to my grandpa's farm

to go swimming. If you are located centrally in NC, there are lots of good trails around. Maybe one day I'll bite the bullet and take him on a longer road trip in a crate to go hiking. I know he'll enjoy it. 3 of 3 people found the following review helpful. Great book to find all levels of hiking trails for you and your dog By Patricia L. Blaney We have 3 Westies and love to take off for day or weekend trips where we can hike with them. This book has been very helpful in locating level appropriate trails in our area. We especially love the Price Lake trail off the Blue Ridge Pkwy. The descriptions of the trails that we have used are accurate and helpful. 0 of 0 people found the following review helpful.
