6 of 6 people found the following review helpful. Not all the trails are thereBy NopeAbout 1/4 of the trails we've tried

are outdated. 2 of them in CT were replaced by housing developments. Some of them are nice and easy but very long. I expected a kid hiking books would have hikes for elementary age kids. I have a 4yo a 6yo who have hiked since they were born but I'm not going to take them along cliffs or on 5/6 mile hikes that too much for a day hike book.0 of 0 people found the following review helpful.
