**Emily Kerr, Thomas Lewis, Cynthia Copeland : Best Hikes with Kids: Vermont, New Hampshire Maine** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Best Hikes with Kids: Vermont, New Hampshire Maine:

5 of 5 people found the following review helpful. Be careful -- this book is not accurate!! By Hikerdad Bought this book in June 2011 and took my three small children hiking in VT in July. The trail I took them on in Groton State Park

was supposed to be "easy" and the author said "even grandparents will want to join.". Ha! After a very vigorous hike through the woods, we lucked out that we were near a road and I was able to trail-run back to the car to pick up the family. Had this not been the case we could have been in real trouble by trusting the advice of this book. These hikes might be OK for kids over 10 but regardless, definitely do your homework independent of this book before you go. 0 of 0 people found the following review helpful. nice book. By croJust what we wanted, nice book.. 0 of 0 people found the following review helpful. book review By Gerry it is a great book we bought it for our grandneice and her parents. the book gave lots of helpful tips for newer hikers
