SmithVery complete. 200 restaurant reviews includingcuisine, price range, address, phone number, web site and location on map. The 'Things to Do' section was great also. These editors have actually been there. The 'Lodging' and 'Nightlife' sections seemed just as good as the rest of the book.2 of 2 people found the following review helpful. good little guideBy J. D. SullivanWe took a trip to Portland over a long weekend, and this guide was incredibly useful. Although we used the web to make our hotel reservations, we use this guide for everything else. The food reservations were always spot on, as were the things to do reservations.0 of 0 people found the following review helpful. Good i guess.By Jean PaulJust ok. Not really a game changer. Has some really great places but its full of very old just average eateries.
