From Brand: Sasquatch Books : Best Places Seattle: The Locals' Guide to the Best Restaurants, Lodging, Sights, Shopping, and More! before purchasing it in order to gauge whether or not it would be worth my time, and all praised Best Places Seattle: The Locals' Guide to the Best Restaurants, Lodging, Sights, Shopping, and More!:

0 of 0 people found the following review helpful. Seattle - Looking for food and drinks? This is the book 4 You!!!By these90I describe myself as someone who likes to get to the point. I don't want a lot of fluff and having been a graphic designer, I like a travel guide that is simple, organized, and brings me to the must see places in town.This is it! Get this book! You want to know where to go plain and simple - this is the one to get. I find myself lost and wandering around guide books that are so rote with information, that I feel like I am reading a user's manual for brain surgery!!!The book includes maps of the areas you would like to go, it gives you upfront information of what to expect and look for when you get to Seattle, it organizes the restaurants by type of food, most recommended, and more. It is an easy read.Enjoy Seattle and other locations, as I would want to reference this book for future excursions as well.14 of 21 people found the following review helpful. I would recommend other guidebooksBy RascalI think this is a pretty awful guidebook. After doing going onto Seattle Citysearch, we found a lot of recommendations that weren't even mentioned in the book. Ivar's, Crabpot, that had raving reviews, and even mentioned in the city's free brochures weren't mentioned. It didn't really tell me what they thought about each place. I don't want a babbling description of a place, but more of "great food!" or "don't miss!" or "it might not be worth the money"Some of the Top 25 attractions I would question. For example, Pioneer Square was very desolate on the weekend. From the locals, we got the impression that it's more a nightlife center. Also, if you're not into doing every little touristy stuff and spending the money, i don't think you can find anything to do, according to the book!For a person that's going for the first time trying to find out what is good to see or do, it is awful. The brochures and maps collection in the hotels and stores were more helpful, and that's sad.

Written by local reviewers, Best Places guides let travelers in on the best a city or region has to offer. A listing in a Best Places guide is coveted. To get one star is an honor. To get four stars is extremely rare and guaranteed to be the crme de la crme. While other guides give readers choices, Best Places distinguishes itself by providing vacationers with the absolute best choices and stands by its guides with a money-back guarantee. Best Places Seattle is a stalwart member of the Best Places series and is the smartest guide to one of the hottest cities in America. Useful icons indicate which places are family-oriented, of great value, romantic, or simply unique to Seattle. And, of course, there's the always-changing, star-rated list of the top 200 restaurants in the city. Completely updated and revamped, this new edition provides invaluable information and helpful advice for anyone traveling to Seattle.
