**Eric O'Keefe : Big Bend West Texas (Lone Star Guide to Big Bend West Texas)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Bend West Texas (Lone Star Guide to Big Bend West Texas):

14 of 14 people found the following review helpful. Don't Travel West of Ft Worth Without This GuideBy A CustomerFrom Dryden to Pyote, and even down to Ciudad Acuna, Eric O'Keefe has covered "God's Country" as only a person who has spent a major portion of their life in the region can.O'Keefe moved from Houston to Alpine, Texas

during his formative high school years, and the detailed descriptions of this beautiful part of the Lone Star State reflect that intimate knowledge of the small towns, and hole-in-the-wall cafes that give West Texas its special character. O'Keefe has since abandoned West Texas for the more chic atmosphere of Santa Fe, but don't hold that against him. He still knows where to buy beer in Sheffield. If you are planning a visit, this is the guide you "Must Have". 3 of 3 people found the following review helpful. A good guide, needs some updating. By Seth J. Frantzman This is one of the few travel guides available for West Texas. It covers in detail Big Bend, Big Bend State Park, Alpine, Balmorea, Marfa, EL Paso and many other fine locations in West Texas. A must have for traveling anywhere south of Midland and West of San Antonio. Some of the accommodations and Restaurant choices need updating, a few addresses are just plain wrong and some area codes are outdated, but all in all this book is a help. Of interest the author does a good job recommending El Paisano hotel in Marfa, which is one of the great gems of accommodation in the region. 9 of 9 people found the following review helpful. Don't leave home without it. By A Customer I didn't think there was anyplace in Texas worth stopping at until I visited the Big Bend. How this guy ever knew about John Madden's favorite restaurant in West Texas is one of the many things I liked about this book and give it a top recommendation. More on Mexico border towns would appeal to me (but that's not Texas, is it).

From its historic towns to its prairies and deserts, the mystique of West Texas is captured in this guide. Provided in this book is information on tourist services, historic places, museums, galleries, annual events, restaurants, accommodations, shopping areas, side trips, and more.
