However, in addition to being a Pats fan, I have found Bill Belichick's ability to focus on only the task at hand, which is beating the next opponent, to be very interesting and admirable.His strive for excellence by

doing the best you can day after day, builds over time, to create success, in my opinion applies as much to life, if not more, than to football. I've adopted this philosophy in my own life and have found a wave of success that continues to build.0 of 0 people found the following review helpful. Bill Belichick started collecting Lombardi Trophies like some people collect coasters and won his fourth Super Bowl title in 2015. No other NFL team has been as successful since Belichick became the Patriots' head coach in 2000, winning titles after the 2001, 2003, 2004, and 2014 seasons, along with Super Bowl appearances after the 2007 and 2011 seasons. But is Belichick the best NFL coach of all time? In *Bill Belichick vs. the NFL*, author Erik Frenz not only explains what separates Belichick from his peers and compares his accomplishments to some of the all-time legends, but tells why, if there were a Mount Rushmore of NFL coaches, Belichicks face would already be on it. From his upbringing as a coach's son to learning under Bill Parcells to creating his own coaching tree, he has established a new standard that may be unparalleled in football history.
