usual great humour .Should have had some more comic reading added . It certainly didn't encourage me to travel that route, but I am sure it is a truthful assessment of the places visited along the way. Some good historical information in the book . When I think of Billy I think FUNNY , so I was a little disappointed . Great holiday reading.0 of 0 people found the following review helpful. Billy at his best travelling his dreamBy Fuma KotaroBilly at his best travelling his dream.This film shows America as it was back in the Route 66 days with nice clear video.0 of 0 people found the following review helpful. Five StarsBy H.HannahBought as a gift for a friend. Would buy a million more and give to travelers.

Britain's best-loved comedian hits the most famous highway in the world on an unforgettable journey. Billy Connolly, music-lover, biker, and scourge of the beige and bland the world over, has dreamed about taking a trip on the legendary Route 66 since he heard Chuck Berry belting out one of the greatest rock 'n' roll records of all time. And now he's finally had the chance to do it, travelling every mile on his custom-made trike in search of the real America that can still be found beyond the nation's freeways. Taking in both the essential icons and the hidden gems of the 'Mother Road', Billy also meets up with plenty of the memorable characters who call it home. With his instinct for a good story, and the infectious enthusiasm that has made him our most engaging national treasures, Billy Connolly is the ultimate guide to the ultimate road trip.

Thoroughly interesting, packed with loads of fascinating information about the history of Route 66 and the states it passes through. Between the incredible scenery and windswept and interesting people, it made me wish I could travel Route 66, with some old fashioned rock and roll blaring from the stereo. Curious Book Fans About the Author Billy Connolly is a world-renowned, award-winning comedian, musician, presenter, author and actor.
