Chris Fisher, Andy Bezener, Bezener : Birds of Boston (City Bird Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Birds of Boston (City Bird Guides):

This attractive guide identifies the birds most likely to be seen in your city's backyards, streets and parks. The books introduce the fascinating and popular pastime of birdwatching and include advice on building feeders and birdhouses. Color illustrations help you identify birds quickly while the text provides interesting information about each bird. These books are easy-to-use references for the urban birdwatcher.
