Birnbaum : **Birnbaum's Disney Cruise Line 2005: Set Sail with Expert Advice** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Birnbaum's Disney Cruise Line 2005: Set Sail with Expert Advice:

0 of 0 people found the following review helpful. Birnbaum's are just ok -By JunkieI buy the Birnbaum's for the pictures - I hate to say that but it is true. As a Disney lover and vacationer, I find the Birnbaum guides are much more promotional, filled with pretty pictures, brochure type of information etc. Would I recommend it? For a first timer, yes. I think trying to soak up the information is part of the planning process. There aren't near as many cruise line books as

there needs to be and this one is filled with preview pictures and basic information. However, I also recommend scouring the internet for other resources. 0 of 0 people found the following review helpful. buyer beware! By Chris The Disney cruise line sails to the Pacific during the summer of 2005. Birnbaum purports to talk about the 2005 cruises, yet well over half the book discusses land packages in the Caribbean, and such useless topics as how to get to the Orlando, FL airport. I feel ripped-off, and am sorry I paid good money for this book. If you are cruising Disney this summer, save your money. Don't buy this book. 0 of 0 people found the following review helpful. You're paid for the cruise, a few extra bucks for the book won't kill ya! By Dawn M. Raymond After all the money you've spent for the cruise, this book will just be a drop in the bucket (or drop in the ocean I should say). I found this book very helpful when I and my family went on the Disney Cruise for my parents' 50th wedding anniversary (grandkids and all). Just finding out where you can get free sodas, water and coffee at all hours, pays for the book by itself. It also explains all the "ins and outs" of the different excursions, stuff on board and where to "hide" from the kids and have some adult time.

A comprehensive guide to the ships of Disney Cruise Line including all the events, activities, and ports of call to sample on the high seas is a brand-new addition to the trusted Birnbaum series. In "Before You Sail," receive advice on what to do and pack prior to your journey. Then get a deck-by-deck, cabin-by-cabin introduction to your vacation "home," as well as personal dining tips from midday snacks to gourmet dinners. Discover the characters' favorite hangouts, and our little-known hideaways.
