Kindra Gordon : Black Hills Family Fun Guide: Explore the Black Hills, Badlands Devil's Tower before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Hills Family Fun Guide: Explore the Black Hills, Badlands Devil's Tower:

1 of 1 people found the following review helpful. Book was very usefulBy ApplepickerWe just returned from a trip to

South Dakota about a month ago. We took this book along. It was very useful in explaining the details of various places to visit. I would definitely recommend this book to a tourist visiting the area. And by the way, South Dakota (Mount Rushmore area) was wonderful. Make sure to spend some time in Custer State Park. 1 of 1 people found the following review helpful. The Perfect Family Guidebook By Mandy Sue I looked at several guidebooks for South Dakota before our vacation this summer. I choose this one and one other. This was the only guidebook I needed. It has all the important details, and very clear descriptions of the attractions. It's small enough to carry easily but large enough to tell you everything you need to know. 4 of 4 people found the following review helpful. Great Guide for a Great Vacation By J.H. The Black Hills is our family's favorite vacation spot and this book was very helpful even though we have been there many times before. I learn something every time I pick it up. Well worth buying as you plan your time in the 'hills.

The Black Hills Family Fun Guide is your key to the perfect family retreat, leading you on a modern-day adventure through the best that South Dakota has to offer. From hiking and horseback riding to museums and theaters, you can blaze new trails and share experiences that you'll cherish forever.
