Great Solutions to Problems that we ALL face in LifeBy KeSeanI just watched Paul Streitz's interview with NBC Chicago and I was totally inspired to buy this book!Paul Streitz's novel "Blue-Collar Buddha" is a Must read. I just could not put it down because it is one of those very rare books that everyone can relate to.Paul Streitz takes you on his life journey and shows you how he overcomes numerous hardships that lead him into a great deal of success. The story deals with his childhood issues from relationship problems to business matters. This book is a prime example on how you can turn any negative situation into a positive one as long as you do not give up. "Blue-Collar Buddha" not only encourages you but inspires you to chase after your dreams while giving you insightful tips on how to be successful in every aspect of your life. I LOVED this book and am recommending it to all my friends!0 of 0 people found the following review helpful. Awesome and Inspiring!By Richard Cadenal've read a lot of inspiring books and this is one of the best. I went through a range of emotions reading it, but the most lasting effect was that I was fired up. It really made me think hard about many aspects of my life and to re-examine even those areas I thought I had mastered pretty well. But Paul's take is always thought provoking and often refreshing. The chapter about his employee who was embezzling money is a great example. I would have reacted much differently but after reading how he handled it and the outcome, I had to re-examine my own ideas about my relationship to other people and to myself. And that happened chapter after chapter. Reading some of it was gut-wrenching and some was very touching. I could relate to much of what he wrote and I learned a lot. I had a hard time putting the book down and now I can't wait to read it again. Excellent book!0 of 0 people found the following review helpful. Fun, Positive and Insightful! Good Read!By CustomerWell written and insightful. I enjoyed Paul's honesty and candor in his personal experiences and how he shows us how to turn adversity into an opportunity to learn and grow. Everbody will learn at least one important lesson while reading!

Paul Streitz's story is your story. The details may differ but you know his hopes and heartaches as well as you know your own. In twenty-nine uplifting stories of personal and professional enlightenment, Paul shares the hard-earned wisdom he gained from overcoming debilitating childhood insecurities, shocking betrayals at work and at home, and two life-changing bouts with cancer. Ultimately, with integrity, ingenuity, and indomitable will, he created a rich, fulfilling life and a business worth millions. Following each story are self-reflection questions that challenge you to consider similar experiences in your own life, the effect they've had on you, and how you can learn from them as Paul did. Implicit in these experiences is the promise that life will present you only with obstacles you are capable of overcoming, and that adversity is the gateway to greatness. With refreshing candor, caring, and insight, Paul encourages and inspires you to balance outer success with inner peace and live a life without limits.
