Carol V. Wright : Blue Guide New York (Fourth Edition) (Blue Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Guide New York (Fourth Edition) (Blue Guides):

0 of 0 people found the following review helpful. Good but Demographic SpecificBy Al ColemanTons of information that can help one have a better understanding of New York, but it's more for the tour guide than the average tourist going to enjoy the city for a weekend.2 of 2 people found the following review helpful. Rich in facts, handy in sizeBy Harry MatthewsIf you want a compact, portable, and encyclopedic guide to New York, this should be your first

choice. In fact, your only choice. There are books with more nuanced and detailed history, books with more practical details, books with better maps and illustrations, and books with more style and attitude. But for a systematic, fact-packed stroll through the streets of Gotham, this is it. As a professional guide, I have a large library of books on New York City; this is the one I carry it with me for quick reference. 3 of 3 people found the following review helpful. Full of useful info
By Clare
The required handbook for obtaining your tour guide license, with absolutely everything you ever wanted to know about New York.

Blue Guides: Complete Cultural Guides -- This is the best-researched, best-presented, most comprehensive cultural guide to New York in the English language covering art, history, architecture and archaeology. With background history and detailed, scholarly descriptions of the neighbourhoods, parks, museums, and landmarks that define the Big Apple. Full-colour throughout with detailed maps and diagrams. Includes Blue Guides Recommended dining and accommodation suggestions. Illustrations to inform rather than to decorate: maps, diagrams, floor plans, architectural details and photographs. -- "Often plagiarised by other guide writers, Blue Guides have always been a gold standard for accuracy and depth" Daily Telegraph. "Guide books in the grand tradition of thoroughness and objectivity" Georgia Review.

About the Author
Carol V. Wright is the author of Blue Guide New York and a contributor to the Encyclopedia of New York City. Born on Staten Island, she lives in Connecticut.
