Carol Von Pressentin Wright : Blue Guide New York before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Guide New York:

With detailed walking tours throughout Manhattan, Queens, Staten Island, Brooklyn, and the Bronx, Blue Guide New York offers an accessible approach to exploring the city. Providing fascinating background history and expert descriptions of neighborhoods, parks, museums, building and landmarks, in addition to practical and up-to-date information on accommodation, restaurants, and city activities for every budget, Blue Guide New York is an excellent resource. 41 maps, 13 b/w photographs.
