What sets it apart from other coffee table picture books is its purpose and the literary contributions. "Celebration" sales will help fund Friends of the Blue Ridge Parkway, an organization trying to restore and maintain this national treasure for future generations. Writers who contributed represent folks who do not just see the unique beauty of these mountains, but express an emotional, almost spiritual connection to the region. It's a great book of poems, information and stories begging to be shared. It's a bit of history, whimsy and passion. It's not to be left to just sit and gather dust. This book takes you to the mountains when you can not get there. Admire the amazing photography of Nye Simmons. Relax and unwind to the heart felt words of peace and joy shared by those who cherish the "Parkway".0 of 0 people found the following review helpful. HoldenBeautifully bound book with magnificent photos. For every mountain lover, especially lovers of the Blue Ridge Mountains. I bought one for an ex-pat Virginian who misses this area so much.

Breathtaking photographs and original essays illuminate this tribute to the natural wonders of the Blue Ridge Parkway. The 469 miles of the Parkway run through some of the most magnificent landscapes in the United States, connecting the Shenandoah National Park to the Great Smoky Mountains National Park and these photographs capture the unique beauty of the region. Accompanying the images are heartfelt writings of regional poets and essayists who celebrate their abiding love for the Blue Ridge Mountains.
