**Walter Muir Whitehill : Boston: A Topographical History, Second Enlarged Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Boston: A Topographical History, Second Enlarged Edition:

1 of 1 people found the following review helpful. Five StarsBy james shawawesome book, fast delivery

**THIS EDITION HAS BEEN REPLACED BY A NEWER EDITION** In this urbane anddelightful book, Walter Muir Whitehill follows the course of Boston's history, describing the changing face of the city and the society that changed with it, through more than three hundred years. This edition includes a chapterdescribing the major changes of the city since 1958, as well as new pictures. Generously illustrated, written with a knowledge of and affection for a great city that are visible on every page, this book speaks equally to those who knowBoston well and those who are discovering the city for the first time.

About the AuthorThe late Walter Muir Whitehill was the Director of the Boston Athenaeum.
