HemplerI have the Seattle Curiosities book and found it fun to find these great unknown fun places and fun things to do while at home in my own city..So since I'm traveling to Boston thought fun to find those little Quirky places while there and found lots to check out in neighborhoods I was going to visit anyway. This is a great book for things to do in a city see in a city that a lot of visitors would never think of, know about or bother to do and they are fun and getting to hang out with locals... Also as a Travel agent I get to find the best fun little places while on vacation to keep my clients happy on their vac...0 of 0 people found the following review helpful. Funny facts about BostonBy From the Cannon's MouthThis is a fun read, even if you aren't headed to Boston. It isn't really a travel - what to see guide. It gives a bit of history about unique places you are likely to visit. It is grouped by areas of Boston and the burbs.If you are going to Boston, it's fun to read this first. I did and it was fun to see things I'd read about - occasionally telling my Boston friends and family a funny fact or two. I left it with my family in Boston after my trip - they wanted to read all these funny facts they never knew!0 of 0 people found the following review helpful. Five StarsBy D. Filteaugreat
