Christopher Kenneally, Natasha Babaian : Boston (Insight Compact Guide Boston) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Boston (Insight Compact Guide Boston):

This is a great compact guide, which is easy to tote around and refer to. The travel tips section suggested a great variety of galleries and restaurants, and was helpful in planning how to get around the city (my first time in Boston). I used Insight Guide: Boston to plan my trip, and then carried the compact guide around in my purse when touring the city. Both the Insight Guide and the Insight Compact Guide to Boston were great for me, and I would recommend either or both to anyone planning a trip to (the really nice) city of Boston.

I found the suggested routes and hotel/gallery/hotel listings especially useful. This is the only guide I used for my visit to Boston, and it worked well for me.
