LOTS of info in a pocket map !By Craig SchweikartWow - - this is a great, pocket sized map. I have never bought this brand of map before (have always used Streetwise), but could not find one for Boston - they seem to be out of print. This is a lot of info in a small little package. Not sure how it will do in the rain (unlike the laminated Streetwise maps) but that's my job to be careful with it. Look forward to using it.0 of 0 people found the following review helpful.
