**From DeLorme : Boston Street Atlas** before purchasing it in order to gage whether or not it would be worth my time, and all praised Boston Street Atlas:

0 of 0 people found the following review helpful. Too Old?By William T. Cole Jr.Before purchasing, just make sure this Boston City Atlas has the completed "Big Dig" street and highway data. Otherwise it's obsolete.

This atlas is indispensable for residents, tourists, students, business travelers or anyone who has to get around in the busy traffic of greater Boston. The large-scale maps cover the Hub and 48 other communities as far as the Route 128 corridor. MBTA stations located. 76 pages of maps, 112 pages in all.
