The modern day photos are not as high quality as it should be and they could have done a better job trying to capture the same angles. The book is pre-Big Dig finale, so it does not include any updates of the R. Kennedy Greenway and you see some Big Dig construction in the modern photos. All in all, a nice book rich in history.ASIN: 1571451773by Elizabeth McNulty | File size: 32.Mb

Elizabeth McNulty : Boston Then and Now (Then Now) before purchasing it in order to gage whether or not it would be worth my time, and all praised Boston Then and Now (Then Now):

0 of 0 people found the following review helpful. BeantownBy Eastwind CoastyWonderful book, wife gets it out often, she worked near Sculley Square, while I was out to sea, in 1950s.0 of 0 people found the following review helpful. Good book, images could be betterBy M. PrattA great book with fantastic old shots and nice descriptions. The modern day photos are not as high quality as it should be and they could have done a better job trying to capture the same angles. The book is pre-Big Dig finale, so it does not include any updates of the R. Kennedy Greenway and you see some Big Dig construction in the modern photos. All in all, a nice book rich in history.0 of 0 people found the following review helpful. Five StarsBy D. Filteaugreat

America's oldest major city, Boston has adapted to the modern age while still retaining an old-world charm. With many of her streets tracing original ox-cart paths to historic waterfronts, Boston is "America's Walking City." This volume documents the amazing changes that Boston has undergone during the last 150 years. Seventy modern color

photographs are compared side-by-side with seventy archival photographs from the 1850s to the 1950s. While focusing on famous vistas and familiar landmarks, it also explores well-known neighborhoods. The Then and Now series includes: New York, Washington, Boston, and San Francisco.
