Opus Publishing : Bostonian's Boston MiniMap before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bostonian's Boston MiniMap:

0 of 0 people found the following review helpful. Love tiny maps! By ZKFits in your wallet or pocket. I can't understand why this does not exist for every city. Perfect for travel.

The Bostonian's Boston MiniMap has an incredible amount of information in a tiny package. Folding down almost to the size of a credit card, it unfolds to show a full-scale map of Central Boston, as well as a map of Cambridge and a full map of the Boston T. It packs the same attention to detail as our larger maps, and shows street address numbers, Boston T stations and lines, and all major points of interest.

About the AuthorOpus Publishing, LLC was founded in 2003 by a group of New York City residents, including a city planner and a former bike messenger, who were dissatisfied with the quality of New York City maps currently on the market. Maps from Opus Publishing are designed to be absolutely accurate and up-to-date, filled with information that is useful for residents and visitors alike.
