This guidebook is really easily digestible, the pages are colour coded for each park so it's easy to re-find information after you've read it. Great tips on what parks are busy on certain days and the best order to hit the rides in, queue-busting tips. I read it cover to cover as did my son and it totally impacted on the way we hit the parks and for the better. It is worth its weight in gold in trying to get the best out of Disney and avoid the worst.

Orlando has never been more enticing, with new attractions at all the main theme parks and lots of additional development elsewhere, with new hotels, restaurants, dinner shows, nightlife and much, much more. With this, the 18th edition of the UK's best-selling travel guide, we have all the lowdown on everything of offer, the latest updates and the best way to 'do it all' in this Central Florida wonderland. There really is no other place anywhere in the world quite like it, but it requires a fair bit of planning and preparation, and the Brit Guide is your best friend when it comes to getting the very best for your holiday money here. We have been visiting and writing about it for years and, as we live right here - about five minutes from Walt Disney World! - no-one can provide British visitors with better insight and more valuable advice. We firmly believe this is the most exciting destination on earth, but it does make some serious demands on your time/wallet/patience, hence the need to your 'homework' in advance and take us with you at all times. We hate the idea of people spending their hard-earned cash on a trip to Orlando and not getting full value for it, so much of what we do is very much the tourist's eye view of things, and not the glossy brochure version. This year there is a whole new Fantasyland to explore at Disney's Magic Kingdom; fabulous new attractions at Universal Orlando - home of the great Harry Potter experience - SeaWorld, Legoland Florida and the Kennedy Space Center. We have added a whole section on the amazing Christmas season in Orlando, and we have fully updated the chapters on Hotels, Driving, Shopping and Dining Out. It all adds up to a thrilling year in store in the Place That Walt Built. Just make sure you take us with you!

About the Author
Even the BBC recognises Simon and Susan as Britain's acknowledged Orlando experts. They are renowned for their Disney expertise, having accumulated more than 40 years' experience between them of the theme parks, Orlando in Florida and Disneyland Paris. They have a home just minutes 'from the magic' in Orlando and are constantly in touch with all the developments in the Central Florida holiday destination. More importantly, they are keen-eyed tourists, and together they have pioneered a Touring Plans service that is now a key component of their work. In addition to their writing for Foulsham, they contribute to a wide range of media, including newspapers, magazines and the Internet.
