I've been living in the city for 2.5 years and found a few of my favorites plus many more to check out!4 of 5 people found the following review helpful. Good for new BostoniansBy Reggie PowersJust moved to Boston and this book gives me the edge to go out on the cheap... especially during these tough

times. I'm not going to leave a fancy review, but if you want to save money and still go out... pick up this book. 7 of 7 people found the following review helpful. If only I had had this book 2 years ago!!!! By Sarah Bain I recently lived in Boston right after college, and like many others, didn't have a lot of extra money but had a big appetite for fun, food, and drinks!! It took me years to figure out how not to discover an empty wallet after a night out in Beantown. A friend moving to Boston showed me this book to see what I thought. This totally hits all the great spots for inexpensive dining, dancing, drinking or just loitering:) It's really well organized and fits easily in a purse or pocket for easy access. Well written, it has humorous and honest descriptions of the city. I've been recommending it to everybody that's moving or just visiting Boston. A great find, and the best Boston guide out there right now!!

"Broke in Boston splits Beantown into more than 12 areas, from Allston-Brighton to Cambridge and everything in between. Chapters include everything from where to bring parents, guests and dates, to hot spots that are worth a splurge, as well as cheap places to find food, drinks, entertainment, furniture and clothes. The book also features fast facts, local recipes, city maps, MBTA schedules and additional information on numerous other aspects of the city." --The Daily News Tribune "Bargains by the book. Tips for frugal but fine living include suggestions on where to shop, eat, drink, visit, and live." --The Boston Globe "Broke in Boston is a well thought out and very interesting guidebook." --Hudson News From the Publisher "Look, when your trying to find the best deals in a city everyone knows college students have a nose for it," says Andrew Einhorn, Editor-in-Chief. "To this day, I am amazed at the average college student's ability to miss 9 out of 10 classes, but still find the cheapest hamburger in a 10 mile radius." From the Author After several years of living in Boston post-college on a meager, nonprofit salary, I began scouring Boston's newspapers, websites, and bookstores for information on how to live on a tight budget. Frustrated by the time it took to find ANY information, I decided to develop a comprehensive guide for those looking to slow spending and save money.
