The owner is an art and book collector and had some fabulous books and paintings. I fell in love with this book the moment I picked it up and knew I had to find a copy. I found it here on and I just love to look at the pictures and read the history of the neighborhoods that I spent part of my childhood in during the late sixties.... Great Book! highly recomend it.0 of 0 people found the following review helpful. Great book!By Jim SlouffmanYes1 of 1 people found the following review helpful. VERY INFORMATIVEBy Frank C. TaglieriIt was a great book to read being that i'm from brooklyn. And so many things that i was not aware of. Really fascinating. My only beef is the way the book is bound. It just came apart from the cover. So now i have to find a way to re glue it back together. What a pain....Frank Taglieri.

Offers a look at the sites and people who have given Brooklyn its unique personality over the years
