National Geographic Maps - Trails Illustrated : Bryce Canyon National Park (National Geographic Trails Illustrated Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bryce Canyon National Park (National Geographic Trails Illustrated Map):

0 of 0 people found the following review helpful. It is a good topo map of the areaBy John VerburgIt is a good topo map of the area. Although it states that it is updated regularly, don't believe it. Even though many have noted that there are no mileage, nor good side elevations counters of the trails, they are still not on the maps. You still need to make those up from others sources. No good excuse for that purposeful oversight.0 of 0 people found the following review helpful. Very good companion to a Bryce Canyon guidebookBy Wayne A. SmithVery good companion to a Bryce Canyon guidebook. The paper quality is excellent and this map will avoid tears and damage due to moisture. It is a good carry-on-the hike companion or as a planning guide to get a feel for the topography of various trails.0 of 0 people found the following review helpful. Excellent referenceBy GRSLove NGM maps as they are so detailed and helpful for hiking, etc. Purchase them for all the planned vacations as they are full of information and correspond nicely with hiking books and hiking programs like All Trails.

Waterproof Tear-Resistant Topographic MapNational Geographic's Trails Illustrated map of Bryce Canyon National Park is designed to meet the needs of outdoor enthusiasts by combining valuable information with unmatched detail of this unique landscape of hoodoos and forest. Created in partnership with local land management agencies, this expertly researched map will help you get the most from your visit with backpacking and day hike trail summaries, accurate road network, trailheads, campgrounds, lodging, and scenic viewpoints. The map features many key points of interest including Rainbow Point, Ruby's Inn, and Natural Bridge. Portions of Grand Staircase ? Escalante National Monument and Dixie National Forest are included as well. The print map includes an inset of Bryce Amphitheater, information on the park's geology, natural history, weather, history and culture, regulations, and more.With miles of mapped trails including Great Western Trail, cross-country ski trails, and horse routes, this map can guide you off the beaten path and back again in some of the most breathtaking scenery in the region. Mileages between intersections are shown and the map base includes contour lines and elevations for summits and passes.Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.Other features found on this map include: Bryce Canyon National Park, Dixie National Forest, Pink Cliffs.Map Scale = 1:40,000 1:20,000Sheet Size = 25.5" x 37.75"Folded Size = 4.25" x 9.25"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
