From National Geographic : Cache La Poudre, Big Thompson Colorado, USA (National Geographic Maps: Trails Illustrated) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cache La Poudre, Big Thompson Colorado, USA (National Geographic Maps: Trails Illustrated):

0 of 0 people found the following review helpful. I was not informed that it was 17 years out of date By Roger S. Julien I was not informed that it was 17 years out of date, but I'm still glad to have a map.

Coverage includes Arapaho and Roosevelt national forests, Cache La Poudre River and Wilderness, Poudre Park, Pinewood Springs, Midway, Glen Haven and Homestead Meadows, Big Thompson River and Canyon, Pinewood Lake, Lake Estes, Viestenz Smith Mountain Park. Includes UTM grids for use with your GPS unit.

About the Author Founded in 1915 as the Cartographic Group, the first division of the National Geographic Society, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world. All proceeds from the sale of National Geographic maps go to support the Society's non-profit mission to increase global understanding and promote conservation of our planet through exploration, research, and education.
