National Geographic Maps - Trails Illustrated : Cades Cove, Elkmont: Great Smoky Mountains National Park (National Geographic Trails Illustrated Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cades Cove, Elkmont: Great Smoky Mountains National Park (National Geographic Trails Illustrated Map):

3 of 3 people found the following review helpful. Tough MapBy AndrwooThis is a great map. Very durable. I keep it in my backpack when hiking and camping the area and it certainly takes a beating. It has been wet, dropped, pulled, and smashed and it still holds up. Great for seeing where you are on the trail with lots of nice detail.1 of 1 people found the following review helpful. great map, worked like a charmBy DoctorBeatUsed this map for three nights backpacking in Great Smoky Mountains. Very comprehensive and concise map. I don't understand why Great Smoky Mtn Nat Park doesn't blaze it's trails. The only blazed trail was the AT that I came across. There were a few junctions that were very confusing, especially the Spence Field junction: the signage there was terrible / non-existent coming up the Eagle Creek trail and arriving at Spence Field. Not being terribly familiar with the park made this frustrating at times. The map was dead-on throughout. Thanks Nat Geo!0 of 0 people found the following review helpful. The Best of maps!By R. DrakeVery excellent detailed guide!

Waterproof Tear-Resistant Topographic MapAmerica's most visited national park and a UNESCO World Heritage Site, Great Smoky Mountains National Park is both renowned for its diversity of plant and animal life and rich in remnants of Southern Appalachian mountain culture. National Geographic's Trails Illustrated map of Cades Coves and Elkmont, covers the western part of the park, from Sugarlands Visitor Center area in the east to the western boundary of the park with Chilhowee Mountain and Lake. Created in partnership with the National Park Service and others for all kinds of outdoor enthusiasts seeking to explore the area, the map combines unparalleled detail of the region, essential area information and safety tips, including bear safety and valuable contact information. The map features many key points of interest as well, including Fontana Lake and Dam, Little Tennessee and Tuckasegee Rivers Cable Mill Historic Area and Abrams Creek.The park map has clearly marked trails with mileages between intersections. The map base includes contour lines and elevations for summits, passes and many lakes. Listed are stream crossings, as well as backcountry campsites and shelters along with their location, elevation and capacity. The Appalachian National Scenic Trail, Mountains-to-Sea Trail and Benton Mackaye Trail are all highlighted, providing a handy tool for hikers. Some of the many recreation features include: visitor centers, campgrounds, trail shelters, trailheads, boat ramps, scenic overlooks, waterfalls, lookout towers, ski areas, interpretive trails and quiet walkways. The Indian Lakes Scenic Byway is marked for those wishing to explore the area by car.Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.Other features found on this map include: Cherokee National Forest, Clingmans Dome, Fontana Lake, Great Smoky Mountains, Nantahala National Forest.Map Scale = 1:40,000Sheet Size = 25.5" x 37.75"Folded Size = 4" x 7.5"
