Great guide book for picnic or camping planning By A Customer This book has a complete guide for ocean side and surrounding area in California. Excellent with chart of many sections such as fire pits, camp sites, etc. all covers along with coastal line on North to South of whole California. Also many terminology and explanations related with ocean and coastal environments, too. This is a must have guide book to looking for camping or barbequeing for family.

The California coast, from its majestic redwoods and rocky shores to its palm trees and sandy beaches, is an area of unsurpassed beauty. The new fifth edition of the California Coastal Access Guide is an essential handbook for anyone exploring the 1,100 miles of one of the world's most diverse and spectacular shorelines. With up-to-date maps and information, this is an indispensable guide for all beachgoers, hikers, campers, swimmers, divers, wheelchair users, joggers, and boaters. Details on where to go, how to get there, and what facilities and type of environment to expect are readily accessible. The handbook also contains articles on a broad range of topics, including natural history, marine and coastal wildlife, environmental issues, and sports and recreation.

"A mandate becomes a masterpiece." -- Santa Barbara News-Press "Nothing less than a bible . . . the guide is no doubt the most comprehensive look at California's coastline published to date." -- Oakland Tribune "Three cheers for the California Coastal Commission, which has put a likely statewide best-seller on the bookstands." -- San Jose Mercury-

News"Wonderfully detailed maps. . . . The graphics are clean, the design so clear that the book is splendidly easy to use." -- Los Angeles Times
