**From Brand: Avalon Travel Pub : California Golf: The Complete Guide to Every Course** before purchasing it in order to gage whether or not it would be worth my time, and all praised California Golf: The Complete Guide to Every Course:

6 of 6 people found the following review helpful. Hey! Wait a minute!By A CustomerI bought the book like I've done five times before and it's missing stuff. Like the bullets that tell you if the course has a driving range, rentals, accomodations. etc. It also has a different way of mapping the courses which makes it a little easier to locate a course

but since the maps are divided up on seperate pages you can't tell where it's at in relation to something you might recognize. Buy an earlier version if you can find it because this one has nothing over the older ones. 0 of 0 people found the following review helpful. Thomas Guide of Golf By Bob Martin If you've got room in your car, this is the Thomas Guide of Golf. Ocassionally it throws you a bone about the course, subjective stuff isn't much, but phone numbers and driving insructions are fairly accurate. Local tidbits and history of the courses make it ocassionally interesting. 4 of 4 people found the following review helpful. Foghorn Outdoors: California Golf 10 Ed: By A Customer Pretty much the same format as earlier editions, but different editor with mistakes and omissions...pretty lame update. Lots of information, but too bulky to be convenient, and don't trust all the driving directions. Take a pass on this one.

-- The California golfer's bible, completely updated-- Detailed descriptions of 950 golf facilities including 50 new courses-- Scorecards with hole-by-hole yardage, par ratings, and slope for back, regular, and forward tees-- The latest fees and play policies, tee times, and dress codes for each course-- An expert's guide to the state's top 50 courses-- Lodging information for nearly all courses
