**Eric J. Adams : California Grassroots Tours - Selected Short Outings (California Travelers Series) (California Renaissance Travelers User Friendly Guidebooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised California Grassroots Tours - Selected Short Outings (California Travelers Series) (California Renaissance Travelers User Friendly Guidebooks):

1 of 1 people found the following review helpful. Too simple and over pricedBy LL SDI was supprise to see the book was so small. The size is about 1/4 of letter size paper. In that size, you can imagine how much information it can hold. It only include those most popular places which everybody had already known. It does not give the "how to go" information. This book is waste of money.

Striking full-color guides. Bound in water repellent, film laminated covers. Extensive center-spread maps of the state highlights locations featured in each book. Special 8-pocket and 4-pocket lucite display racks available with purchase of the series.
