Please don't tell everyone about this.....By Robert BonesI bought California Wine Country Bed and Breakfast Cookbook years ago for my sister's birthday. Since then she's wowed family and friends with the most delicious brunch menus that taste like top secret recipes. For years I've searched bookstores and kitchen shops for this gem--and finally found it on (duh!) CWCB is an entertainer's and guests delight!1 of 1 people found the following review helpful. Test and Taste of Time!By John A. GregorioI am not a lover of "recommendation books," and usually prefer to experiment and find my own "jewels" and "coal." But, in this case, I am happy to report, I was wrong. This book has given me many a wonderful taste of "BB cuisine" and a delightful

weekend or two. Buy this book and enjoy its many delights! 1 of 1 people found the following review helpful.  
Wonderfully delicious

The Arbor House Casserole was the best breakfast I have ever made. I made it in a muffin pan so that I could serve it individually rather than in slices. My guests loved the taste. Will try other recipes and let you know.

From the bucolic vineyards of Napa, Sonoma, and Mendocino valleys in the north to the exciting architecture, history, and scenery of Santa Barbara in the south, California's wine country offers a variety of pleasures. Among such pleasures are delicious meals set in the warmth and hospitality of bed breakfasts and country inns. Owners and chefs from the leading BBs and country inns in California's wine country have generously shared their most requested, mouth-watering recipes, often with make-ahead or timesaving tips. A travel guide as well as a cookbook, this book gives engaging descriptive anecdotes and pertinent travel information. California Wine Country Bed Breakfast Cookbook and Travel Guide will help you discover a bed breakfast that is perfect for you.
