Philip H. Staats : Californian Architecture in Santa Barbara before purchasing it in order to gage whether or not it would be worth my time, and all praised Californian Architecture in Santa Barbara:

1 of 1 people found the following review helpful. The beautiful color cover photo is a teaser to the all ...By deborah mottThe beautiful color cover photo is a teaser to the all black and white photos inside this book which does explain why the price was so much lower than the other full color books of this genre. Quite disappointing since this style of architecture is so visually engaging in real colors.0 of 0 people found the following review helpful. What a complete disappointment.By Michele N. GatewoodThe quality of the photographs included in this book is so disappointing. I seriously cannot believe that anyone would give it five stars. It is impossible to see most of the details that make these

beautiful homes special.0 of 0 people found the following review helpful. Architectural TreasuresBy William G. TroianoGreat book covering many of Santa Barbara's architectural treasures, both public and residential. Wonderful collection of antiaque pictures.

Inspiration for building and decorating in adobe and other Hispanic styles.
