to gauge whether or not it would be worth my time, and all praised Camino Portugus Maps - Mapas - Karten: Lisboa - Porto - Santiago:

4 of 4 people found the following review helpful. Wonderful Book!By Faye TischlerThis little book of maps is small enough to stuff in your pack, but detailed enough to provide important information. It seems to be the perfect companion to Brierley's other Camino Portuguese book. It includes distance traveled between points, type of terrain, walking surfaces and other pertinent info.0 of 0 people found the following review helpful. Best guide to walk withBy nkadamsDon't walk the camino without these maps. Just tear out the one for the day and keep it in your pocket. Hotels are useful when you get tired of hostels.

Spiritual seekers and travelers will find all the resources they need to walk the Way of St. James in this complete set of maps and town plans covering the sacred route from Lisbon, via Porto, to Santiago de Compostella. This portable travel companion is light enough to carry while walking long distances each day and contains maps with locations of all pilgrim hostels, the distances between all villages, and points of interest, as well as alternative routes and accommodations. The entire guide is provided in four languages: English, Spanish, Portuguese, and German.
