#443617 in Books U Of Chicago 1988-04-25Format: FacsimileOriginal language:EnglishPDF # 1 7.00 x 5.00 x 1.75l, 2.00 #File Name: 0870495569912 pagesA standard manual for campers and a veritable outdoor enthusiast's bible for over four decades, this book reflects Horace Kephart's practical knowledge and covers, in depth, any problem that campers might confront.Kephart's book covers a wide variety of subjects from how to dress game and fish to how to shoot accurately.Every chapter is filled with tips that remain useful even after fifty years of improvements in equipment and technology.Jim Casada, who has provided an informative introduction to this edition, is professor of history at Winthrop College. He has written numerous articles on sporting figures and outdoor literature and is editor-at-large for Sporting Classics and contributing editor for Fly Fishing Heritage. | File size: 21.Mb

**Horace Kephart : Camping and Woodcraft: A Handbook for Vacation Campers and for Travelers in the Wilderness (2 Volumes in 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Camping and Woodcraft: A Handbook for Vacation Campers and for Travelers in the Wilderness (2 Volumes in 1):

1 of 1 people found the following review helpful. Very informative and interesting for those who want old timey ...By Matthew FilterVery informative and interesting for those who want old timey knowledge. This is not a field manual

print is small and the book is quit thick.1 of 1 people found the following review helpful. Four StarsBy TIM wildness man out there....some times some timesgood stuff6 of 6 people found the following review helpful. camping and woodcraft kindleBy joe.manofleisureThis version of Camping and Woodcraft is poor. Like other customers mentioned it is missing quiet a bit from the latest hardcopy version and it is full of typos. The author of this kindle version should correct these deficiencies and send out an update. Very disappointing. The reprint of the hard copy of the original book is outstanding.

Originally published in 1906 as one volume, *Camping and Woodcraft* was expanded into a two-volume edition in 1916-17. *Camping and Woodcraft* ranks sixth among the ten best-selling sporting books of all time. A standard manual for campers and a veritable outdoor enthusiasts bible for over four decades, this book reflects Horace Kepharts practical knowledge and covers, in depth, any problem that campers might confront. Kephart lived in the Great Smoky Mountains and spent most of his time in the wild. Consequently, he became an expert on all aspects of camp life from living in a semi-permanent lean-to to traveling with only the bare essentials in a backpack. More than simply a hunting or fishing guide, Kepharts book covers a wide variety of subjects from how to dress game and fish to how to shoot accurately. Every chapter is filled with tips that remain useful even after fifty years of improvements in equipment and technology. Jim Casada, who has provided an informative introduction to this edition, is professor of history at Winthrop College. He has written numerous articles on sporting figures and outdoor literature and is editor-at-large for *Sporting Classics* and contributing editor for *Fly Fishing Heritage*.
