Andrew Slade : Camping the North Shore (There Back Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Camping the North Shore (There Back Guides):

We highly disliked our first choice of campground as it was very close to the road and not at all rustic. Thanks to this book we were able to drive around and view several amazing other options ending up at our favorite one of all (Sawbill Canoe Outfitters). This book also

gave us other ideas such as visiting Lutsen Mountains for the alpine slide and hiking. I highly recommend this book if you are going to be visiting the North Shore and want new ideas and nice rustic tent campgrounds that go beyond the state parks. 0 of 0 people found the following review helpful. Very helpful camping guide!! By Ruth and Steve I initially checked this book out from our local library, but after reading it decided we should have our own copy. We are tent campers and like to be away from the "big rigs" so really appreciate the details about the specific camp sites. We haven't camped on the North Shore for years and look forward to being there in a few days!! I can't comment on how it all turned out, or share photos, as we haven't been there yet! We have made all of our reservations and can't wait to be on the North Shore! We will bring the book along! 0 of 0 people found the following review helpful. Great book! By Cynthia GI loved every page and will be spending a lot of time camping there. Great reviews of campgrounds - both state parks and private.

Want a fun and inexpensive way to get out in the Lake Superior region? Camping the North Shore not only gets you to the best campsites, it gives you great ideas of what to see and do while you're there. Unpack the perfect North Shore vacation!

Campers will discover a ton of useful information crammed into this 132-page book. The author, a life-long explorer of Minnesota's North Shore, not only recommends the best places to camp, but also provides detailed maps and information about each campground. In addition, he offers advice about nearby places to go for a hike, ride a bike, or catch fish for dinner.--Perich Shawn "Northern Wilds" (08/15/2008)
