We are going on Safari and found this book to be right on point. 1 of 1 people found the following review helpful. It was so good that I quickly picked up his other paperbacks and ...By Book lvr A book that

deserves the acronym "LOL" Because you certainly will find yourself doing this several times as you read the adventures of Peter, the safari guide. It was so good that I quickly picked up his other paperbacks and found that the writing is fast paced, descriptive (a must when describing his encounters with the wildlife) and enjoyable. Just wish could see him churn out more of these books. And, after checking out other books by other authors who have similar experiences, he definitely sets the bar !1 of 1 people found the following review helpful. Five StarsBy Customerbreathtaking!

Incredible true tales from a world-renowned safari guide and celebrated author Romantic notions aside, being a safari guide isnt always particularly enjoyable or glamorous. Quite often it is beset with challenges, like having to spend a night in a thorn tree with marauding hyenas below. But safari guide Peter Allison lives for such moments. Here, the author of the widely praised *Whatever You Do, Dont Run* details his time spent in safari camps not only in Botswana but also in South Africa, Mozambique, and Namibiaplaces he loves, despite how much it feels like they might just be trying to kill him. In *Dont Look Behind You*, Allison recounts adventures few would live to tell. Like the time he and a group of bored guides launched a makeshift raft into a foaming, flooded river teeming with hippos and crocodiles. Or the afternoon he heard monkeys telling him that a leopard was walking around the camp, and then realized the leopard was in his tent, with him in it. In addition to relating his encounters with animals, Allison shares the stories of those tourists who have long been pushing him toward early retirement. Normally respectful of all his fellow creatures no matter how many feet they have, Allison fantasizes about leaving one in particular behind on the Skeleton Coast, a place that receives less than half an inch of rain a year, and is patrolled by lions and hyenas. Join Peter Allison for another riveting, rollicking, behind-the-scenes dose of everyones dream experiencegoing on safariand come through amazed but, thankfully, without a scratch.

Praise for *Whatever You Do, Don't Run*:
