**Steve Michael Hamilton : Down on South Congress** before purchasing it in order to gage whether or not it would be worth my time, and all praised Down on South Congress:

Down on South Congress is a photographic journal with a down-home perspective of a unique street in Austin, Texas, by gifted photographer Steve Hamilton. This collection of fifty pictures depicts what visitors may find on any given day on a street that has resurrected itself from the slums. It is only fitting that this eclectic but highly enjoyable city street is found in a town that prides itself on its eccentric and quaint customs.

About the Author Steve Michael Hamilton is an American photographer who knows that beauty's simplicity is sometimes found in the most unusual places. His unique photo-snapped journeys through forty-nine states and Canada

makehima modern-day Claude Monet with a silver digital eye. His passion for photography is found in many photo cards, which can be purchased directly from him.
