American Map Corporation : Downtown Washington, DC: City Slicker before purchasing it in order to gage whether or not it would be worth my time, and all praised Downtown Washington, DC: City Slicker:

The bright side is the durable material this map is made from, which guarantees no wrinkles and easy folding. However, when it comes to the information presented, then I was disappointed. After my visit to DC it was obvious to me that the Metro stations and Metro lines are not clearly shown. Also, the map does not show the route and stops of the Circulator bus, which is a rather new and usefull mean of transporation for visitors. Finaly, I ended up using the free tourist map that I took from the hotel lobby.

Out-of-towners can travel with confidence when using Slicker maps. Easy to handle and easy to read, Slickers fold and unfold in a flash. Slickers are laminated which makes them markable and very durable, withstanding everyday usage during any travel itinerary you plan. This city slicker shows a metropolitan Washington D.C. roads map and includes parks recreation, colleges universities, fire police stations, subways stations, libraries, marinas, post offices, points of interest and much more.
