perrymasonry This is an earlier edition of this book and is a wonderful guide for those seeking to travel to Washington DC and the surrounding areas--Virginia, Maryland and Delaware. Not a whole changed between this edition and the newer one. This book provides a wealth of information for trips around the area. Nice photos and maps, along with detailed information. Useful book for anyone planning a trip to the area. However, note that this is not a book to find restaurants or lodging.

Genteel country living is the theme of the Brandywine Valley communities north of Wilmington, Delaware, where it seems that every third shop sells either country home decor, garden accessories, or antiques.
