**Kenn Oberrecht : Driving the Pacific Coast Oregon and Washington (Scenic Driving Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Driving the Pacific Coast Oregon and Washington (Scenic Driving Series):

9 of 36 people found the following review helpful. I'm home again ! This book just takes my breath away! By A

CustomerI grew up in Oregon and spent most of my summers on the Oregon Coast. I live in South Carolina now, and when I look at this book, it makes me cry ---every time. I am not an experienced traveler, but I know what beauty is. The Oregon Coast defines beauty for me. This book presents pictures that are breathtakingly beautiful. I remember as a teenager, walking with my girlfriends, lost in the Coastal mist, singing our hearts out. I was too young to appreciate the glorious visions that are there in my beautiful Oregon, just so abundantly available. When I go to the Oregon Coast, now, I just fall apart with emotion. Now more than ever, because my father is buried there, and he loved it SO much. When you look at the pictures of this book, remember my father, in his grave site on the cliffs, overlooking the beautiful sea. What a glorious final resting place. I dedicate this review to you, Dad. Thanks for showing me all the beauties of Oregon and our beautiful Pacific Coast. Barra (Remember our Oregon Coast song? I do!)

Packed with information, this guide to driving the coast road between Oregon and Washington reveals good quality accommodation, the best white sand beaches, excellent eating-out locations and cultural attractions. '
