**Lesley Hazleton : Driving to Detroit: Memoirs of a Fast Woman** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Driving to Detroit: Memoirs of a Fast Woman:

One woman's exploration of America's love for the car. Driving "the long way round" from Seattle to the Detroit auto

show, Hazleton visits unmapped regions - places of pilgrimage for the car-crazy - learning en route not only about the peculiar passions of car lovers but also about herself.
