from Cambridge and Hooper's Island and I can hear the flavor of their life in this book. I remember as a kid of going to the Eastern Shore often to visit family there. To me, it is the neatest place in the whole wide world! I just wish I could uproot from where I live now and plant new roots there. Maybe someday. My dad worked in the tomato cannery and in an ice house as a kid. We used to make fun of my Grandmom calling turtles, Turkles. Plain hard working people and happy. Simple life to be yearned for. Jim Duffy has captured the soul of the Eastern Shore and he gets all the high fives he wants from me. I laughed so hard at the story of the Captain who tasted mud when the fog came in. You gotta get this book and read it! Waiting for the next one.0 of 0 people found the following review helpful. Useful and not too expensive.By DaveFThe book reads like it is a compilation of magazine/newspaper articles on different points of interest throughout the DELMARVA peninsula. We used it on a driving tour around Chesapeake Bay and found it fairly useful. Probably referred to it 8 or 10 times, the information we used was accurate and helpful. I would have preferred that the articles be laid out in geographical order (they aren't). It would also have been helpful to have a map to point to each interest item. Never-the-less, at \$9.95, it was economical enough that I'd make this purchase again.0 of 0 people found the following review helpful. NO PICTURESBy Laura M. ClineSo far I'm enjoying the READ BUT..... no pictures! THAT was a big disappointment!!! A book like this should have MANY pictures to add excitement and would GREATLY enhance the stories... Written quite well..... I have to say if I knew there were NO pictures I would not have invested my money in this book.....
