It's exciting to find little gems you would have otherwise perhaps missed and individually owned, not CORPORATE!!! Let the owners know where you found them, as they are not aware of it, result not advertising! Have fun and go explore.Highly recommend them. The only improvement I would like to see is a full fold out map, as being in a new city you don't really know where all the neighbourhoods are.

Sleekly designed and focusing exclusively on locally owned restaurants and stores, these modern city-guides are unique in both form and content. Each featured business is handpicked by the author to represent the crme de la crme of cities beloved by both locals and tourists. The overall selection presents a fresh and unexpected look at each city,

highlighting an exciting array of neighborhoods. Establishments range from the sparkling new to deeply patinaed, unexpected to way-off-the-beaten-path, and funky to chic. The convenient size is ideal for bags and purses, while the eye-popping layouts of luscious photographs, efficient maps, and brief hotel recommendations will help make planning an excursion almost as fun as eating and shopping.
