How many Web sites were propped up in the late 1990s, purportedly to answer just this simple question: where is a good place to eat/shop? About a trillion dollars worth. And yet, in 2004, the answers are not to be found online but instead in this simple, elegant guide, eat.shop.portland. Not only can you read this purse-sized treasure from cover to cover (like a day and night on the town!), you can trust it as a barometer of cool. Unlike some travel writer's 12-hour synopsis of a town that they just parachuted in on, Wellman dishes out a hip-yet sensible guide to the real Portland that is as well-designed as it is well-written.eat.shop.portland should be required reading for anyone about to entertain guests from out-of-town or in from the suburbs.10 of 12 people found the following review helpful. The Go-To Guide BookBy A Customereat.shop.portland is a true treasure trove of what Portland has to offer. If you're looking for authentic portland-style restaurants and shops, this is the book to own. I've been here seven years and there are places in it I have never heard of ... but can't wait to try. In my opinion every Portlander should have a copy of eat.shop.portland with them at all times.

eat.shop.portland. is a guide to the most interesting eating, drinking and shopping in Portland, Oregon USA. A unique square shape and flip-book format (one side is eat, flip it over and it's shop.), this guide shows a Portland that is rich with spectacular dining and buying opportunities. Each of the 76 businesses profiled has a spread with color

photographs; address, phone number, website and hours; featured items and a descriptive paragraph. The book also has detailed maps with indicators of the profiled businesses.

About the AuthorKaie Wellman compiled, wrote, photographed and designed eat.shop.portland. A 5th generation Oregonian, Ms. Wellman not only knows her way around her birthplace, Portland...but she shows the town from a unique perspective. Trained at Parsons School of Design in NYC, Ms. Wellman has designed everything from album covers for Motown Records to invitations in tuna cans for PICA (Portland Institute for Contemporary Art). Her writing career began (and somewhat ended) with "Blah, Blah, Blah" a column she wrote with her best friend, Amy Faust, in a weekly Portland paper. Best known for her travel photographs, Ms. Wellman shoots with a designers eye, and is known for confounding locals all over the world with her love of shooting things like garbage cans, candy wrappers and trampled leaves.
