But desperately needs an update.0 of 0 people found the following review helpful. eat shop twin citiesBy Ben GanjeMy wife and I love food--and we are fortunate enough to live in Minneapolis which is a mecca for all sorts of restaurants to choose from. This is a great book however it could use a serious update as there are restaurants missing in the book as well as others that have simply gone out of business.

Sleekly designed and focusing exclusively on locally owned restaurants and stores, these modern city-guides are unique in both form and content. Each featured business is hand-picked by the author to represent the crme de la crme

of cities beloved by both locals and tourists. The overall selection presents a fresh and unexpected look at each city, highlighting an exciting array of neighborhoods. The convenient size is ideal for bags and purses, while the eye-popping layouts of luscious photographs, efficient maps, and brief hotel recommendations will help make planning an excursion almost as fun as eating and shopping.
