CheneyThis historic hotel is described here and helps one prepare for a trip to the Grand Canyon. I never like to stay anywhere else. There were so many secrets about the construction of the hotel, and some of them are described in this book.1 of 1 people found the following review helpful. El Tovar Grand CanyonBy Kellie CollinsThis book is a must for anyone that is in love with the Grand Canyon as my husband and I are. I have been to the Grand Canyon six times in the last 15 years and the last three visits I/we have stayed at the Historic El Tovar. This book gives a great history of the Grand Canyon/El Tovar dating back over a 100 years. Reading the stories was fascinating and looking at the photos makes you feel like you are going back in time. This is a great keepsake for all the marvelous trips and wonderful memories we have made in the Grand Canyon.0 of 0 people found the following review helpful. Great book for Grand Canyon visitBy Cath3reneeSo want to stay here , happy to find the book

There are hundreds of lodges, inns, and hotels in the U.S. and Canada, but only a handful of historic Great Lodges. Through stunning color photographs, historical pictures, and evocative text, learn the story of this architectural treasure and the men and women who built it.
